The **Milton Professional Firefighters Benevolent Fund** is a non-profit charitable initiative operated by the members of Local 3168. The fund serves and supports Milton Firefighters and their families during sickness, illness or those killed on the job. It is designed to financially assist our Milton firefighters with hospital and funeral costs, fostering a spirit of fellowship and providing some security in their time of need. We also support local charities and have partnered and donated to The Canadian Fallen Firefighters Foundation, Wounded Warriors, the Local Legion, Halton Down Syndrome and more.

Your sponsorship will directly support our efforts to continue this meaningful work and ensure that these firefighters, their families and these local charities don't need to make any more sacrifices.
